## SHORT BIO

Grit & Grace is a Tasmanian faith-rooted acoustic rock band known for honest songwriting, strong harmonies, and emotionally grounded performances. Blending acoustic worship, alternative rock, and reflective lyricism, the band creates music that is both powerful and approachable.

Their sound is shaped by themes of faith, struggle, hope, and grace, connecting naturally with church audiences, community events, and intimate live settings.

## LONG BIO

Grit & Grace is a Christian rock and acoustic worship band based in Tasmania, rooted in honest storytelling, emotional depth, and faith-centred songwriting. Originally formed by singer-songwriters Keelan Billing and Talia Beswick, the project has grown into a four-piece with multi-instrumentalist Jacob Tan on guitar and bass, and Jaicam Kenzie on drums, who also plays cajón for acoustic or intimate performances.

What began as simple acoustic arrangements has evolved into a textured and dynamic sound. Keelan and Talia's vocal harmonies and lyrical chemistry are complemented by Jacob's added vocals and basslines, with Jaicam providing a solid rhythmic foundation that allows the band to move seamlessly between stripped-back worship moments and fuller rock arrangements.

Drawing influence from modern worship, acoustic rock, and alternative Christian music, Grit & Grace aims to create performances that are authentic, engaging, and emotionally resonant. Whether performing at churches, festivals, youth events, or community gatherings, the band seeks to create a space where listeners feel seen, encouraged, and connected.
